

SCHEDULE A

Mr.

On behalf of the Executive Committee of the Greater Toronto Area Intergroup of Alcoholics Anonymous (the "Intergroup") I wish to express how unfortunate it was that you had the experience you did at an A.A. meeting and with another A.A. member.

Safety at A.A. meetings, including freedom from harassment and discrimination, is an issue that, I believe, should be at the forefront of the consciousness of all those who attend A.A. meetings.

To that end, on behalf of the Executive Committee we commit to doing the following:

- Dedicating an issue of the Better Times to the topic of safety at A.A. meetings;
- Providing a link on the Intergroup website, www.aatoronto.org, under the "Resources" tab, to the General Service material entitled: "Safety Card for A.A. Groups" and "Safety and A.A.: Our Common Welfare";
- Hosting a future workshop on the topic of safety at A.A. meetings, including incidents of harassment and discrimination, which content will be based on the General Service materials "Safety and A.A.: Our Common Welfare";

I thank you for raising this issue. It has generated important discussions at the Intergroup level.

On behalf of the members of the Executive Committee, we sincerely hope that this process has lead to some positive outcomes for you, that you will feel comfortable in attending A.A. meetings in the future, and that you will join us at the workshop on the issue.

Sincerely,

Bert

Chair, Executive Committee
Greater Toronto Area Intergroup
